

What's Hot in E-Verify

E-Verify Has Expanded Photo Matching!

E-Verify has launched a new U.S. Passport photo matching capability. Employers using E-Verify can now view photos to help confirm the validity of identity documents.

Available documents include:

- U.S. Passports and Passport Cards
- Permanent Resident Cards (Green Cards)
- Employment Authorization Documents

Visit our website for more [information about Photo Matching](#).

Did You Hear About the I E-Verify Seal?

Employers who use E-Verify can now prominently display the official I E-Verify™ seal at their workplace—on bulletin boards, doors or windows. E-Verify enrollees who would like a seal can send a request to uscis.verlogo@dhs.gov.

Designated Agents Get a New Name

The name “E-Verify Employer Agent” has replaced “Designated Agent” to refer to businesses that use E-Verify to confirm the employment eligibility of another company’s employees.

Puerto Rico Birth Certificate Guidance

On July 1, 2010, the Vital Statistics Office of the Commonwealth of Puerto Rico began issuing new, more secure, certified copies of birth certificates to U.S. citizens born in Puerto Rico. After Oct. 30, 2010, all certified copies of birth certificates issued prior to July 1, 2010, became invalid. This new law does not affect the U.S. citizenship status of individuals born in Puerto Rico. It only affects the validity of certified copies of Puerto Rico birth certificates. See the [USCIS Update](#) for more information.
