- **Case Details Page Redesign** – The redesign removes unnecessary data fields; only the relevant case information is displayed and it prints on just one page. This was an idea submitted by a customer on [E-Verify Listens](#).
- **Further Action Notice and Tentative Nonconfirmation (TNC) Emails Updated** – E-Verify [Further Action Notices](#) and TNC employee emails now include a link to myE-Verify Case Tracker so workers can easily use this free online tool to track the status of their E-Verify case.
